# Making HOME-ownership Possible

# HOME POSSIBLE JANESVILLE PROGRAM

## WHAT IS THE PROGRAM?

The City of Janesville, Neighborhood & Community Services offers financial assistance of up to \$10,000 to low to moderate income, first-time homebuyers towards the purchase of their home. The loan is structured as a forgivable loan, to be forgiven over a period of 5 years of continued ownership and occupancy. The loan is only repaid if you sell, transfer title to or no longer occupy the property within the first five years of ownership.

The level of assistance is determined on a case-by-case basis after you submit an accepted offer. It will be based on the total cost to purchase, less your minimum borrower contribution of \$1,000, less your first mortgage and any other credits in the transaction (i.e., gifts, other grants, seller paid costs). The minimum level of assistance is \$1,000 and the maximum is \$10,000.

The Program is designed to make buying your first-home possible by bridging the gap between the total cost and what you need to close on the purchase.

The program is funded by the federal HOME Investment Partnership Fund. Program eligibility and other criteria are subject to change, please call the office with questions.

What if I run into costly repairs? Additional funding through other City Programs may be available to help finance repairs. Call for details.

## DO I STILL NEED TO HIRE A PRIVATE HOME INSPECTOR?

Absolutely! We highly recommend that you have a private home inspection done prior to buying a home. A private home inspector can perform a detailed examination of the mechanical and structural systems of your home and give you a detailed report of the condition.
